February 5, 2017

Honorable Members of City Council,

The Bethlehem Environmental Advisory Council supports and applauds the proposed resolution to establish a Climate Change Working Group, building upon the work of the 2006 Three City Proclamation.

Furthermore, we are eager and committed to working with City Council, the Administration and the public to set new goals with strategies and practices that will reduce our carbon footprint and serve as a workable model for others.

Our members are willing to assist in all functions of the Working Group in order to do our part to combat climate change.

We are proud to serve a City that makes environmental protection a priority and is willing to take action to reduce the dangerous impacts of climate change for the benefit of future generations.

Respectfully yours,

Lynn Rothman

Lynn Rothman, Chair
On behalf of the Bethlehem EAC

EAC Members:

Jack Gambino Lynn Rothman
Kalyna Procyk Mike Topping

Prospective members:

John P. Brunner
Brian Hillard
