Subject: Monocacy #4 Hardball Field
Date: 2-23-11

I have received a request from Mr. Frank Golden on behalf of the North Central Connie Mack baseball team, to erect dugouts on our newly constructed Monocacy Hardball Field. Mr. Golden has already spoken to Bethlehem Vo-Tech about building these dugouts, and they would like to undertake the project as one of their spring projects. The Connie Mack team would purchase all the supplies/materials for construction so there would be no expense to the City other than establishing the construction grade.

I feel this is a worthwhile project and I request that you refer the proposal to the Parks and Public Property Committee for review and consideration. Since the field is used heavily in the spring and summer by North Central Little League, I am concerned about the safety of the players while sitting on the bench. I also believe the addition of the dugouts will move us closer to our goal of establishing this field as a first class facility.

Thank you,
