September 29, 2017

Dear Members of Council:

Attached please find the FY 2018 CDBG and HOME requests received by the City. An internal committee has reviewed all applications and made funding recommendations. These recommendations were presented to the Mayor for approval as well. In addition to the quality of the application, we took into account conformance with our Consolidated Plan, past compliance history of the grantee and the number of city residents impacted by the program. Public meetings are scheduled in the next week which may alter the recommendations slightly, but it is unlikely.

I have anticipated a 5% cut to both CDBG and HOME awards. As always, it would be better to award more funding upon our final award than to have organizations budget for funds that may not materialize. We have used an anticipated CDBG amount of \$1,206,101 and a HOME award of \$319,272.

The FY 2017 CDBG/HOME Action Plan and associated budget will be presented to you at a future meeting. Please feel free to contact me with any questions you may have.

Sincerely,

Allyson Lehr, J.D. Housing & Community Development Planner
