Actual Light on Actual Post

Placement of 3 Lights

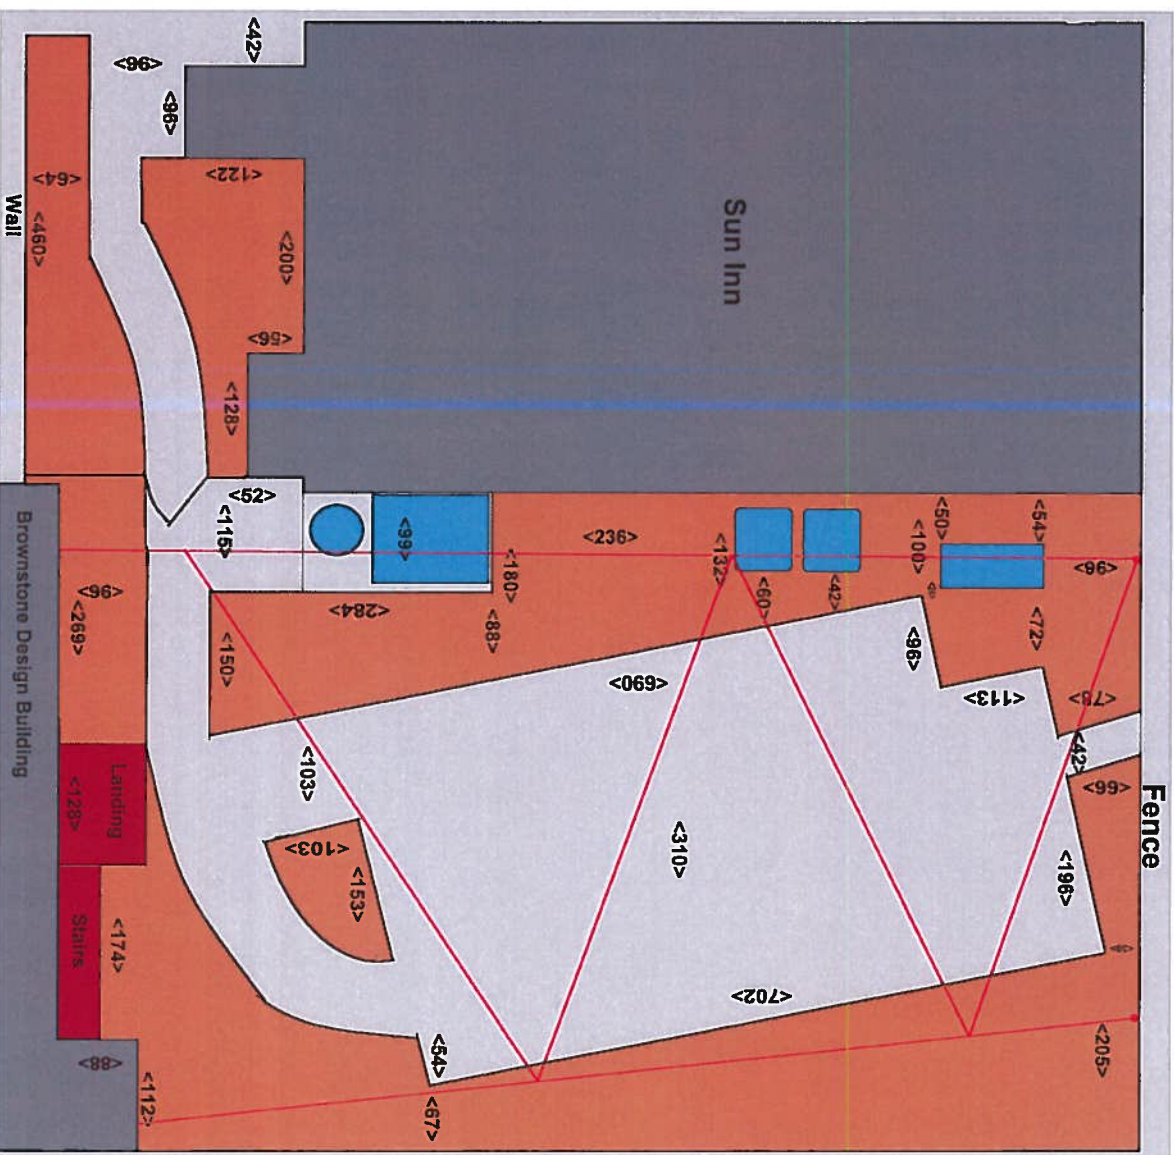

Similar Light on Similar Post

Similar Style Light on Church Street on Similar Fence

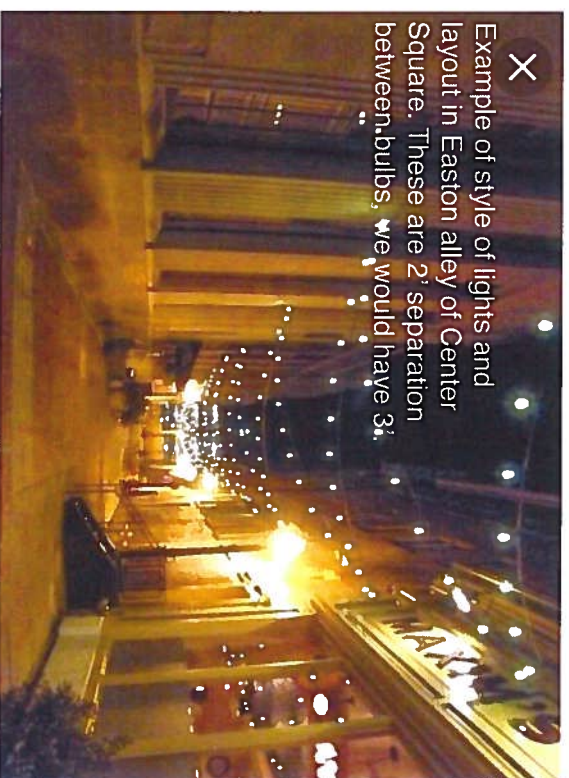

Layout of Strings of Lights ("Zig zag") in Between Suspended Airplane Cables (The outside straight lines running up-down)

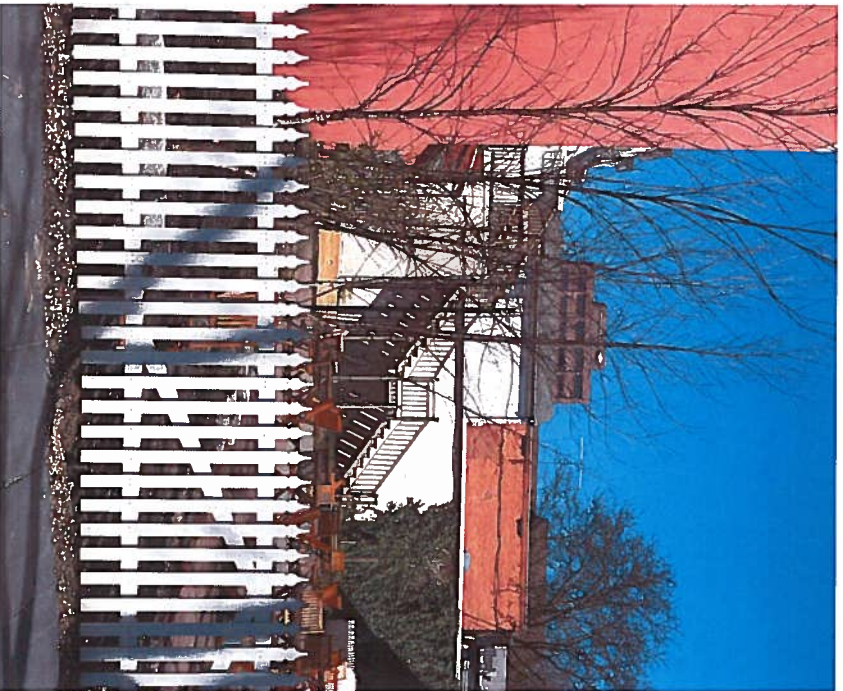

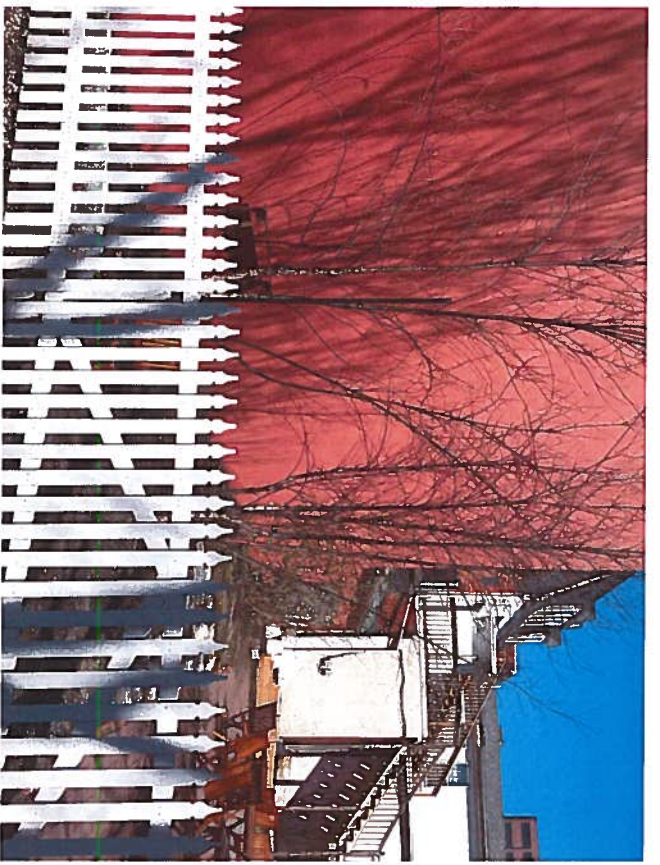

Actual Light Bulb

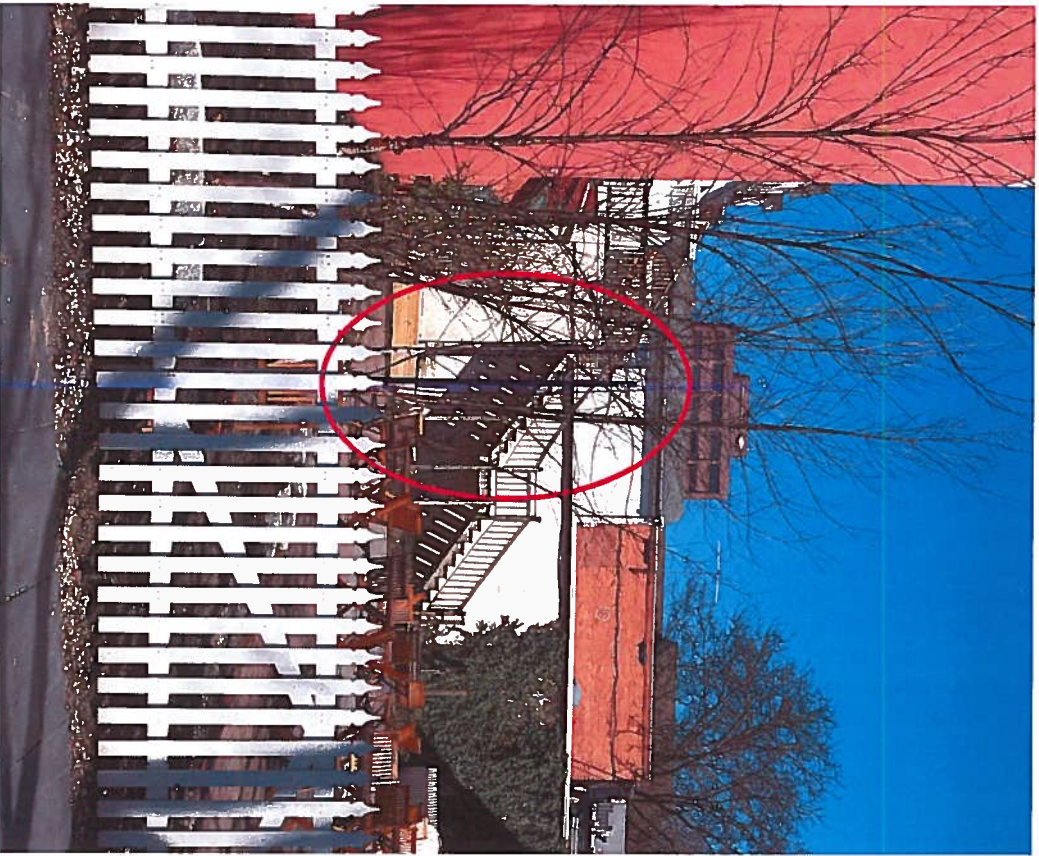

X
 Example of style of lights and layout in Easton alley of Center Square. These are 2' separation between bulbs, we would have 3'

Lights would be suspended from 1/4" airplane cable strung between 1" eye hooks mounted into the back wall of the patio and 1" diameter, black painted, steel poles that would be fastened to the existing fence posts at the front of the patio. An 8' sample of the metal pole is mounted as it would be to the fence post in the 3 photos below. It is displayed from 3 angles.

Two of the pictures are blown up with red circles indicating where the pole is.
